Control No. 2062
25 August 1954

MEMORANDUM FOR: IWG

SUBJECT : Proposed Change of Name of the IWG

1. Experience has indicated that the initials "IWG" do not adequately describe either the mission or function of the Intelligence Working Group. Furthermore, at least two other indepartmental or intradepartmental groups are known by these symbols. This has been a cause of some confusion within the intelligence community.

2. It is proposed, therefore, that the name of this Group be changed to "Economic Defense Intelligence Coordinating Committee". The Executive Secretary will welcome comments on this proposal.
